

Great Comedy, "Friendly Enemies," a Chautauqua Attraction

"Friendly Enemies" is one of the most popular of recent comedy successes. Scores of cities throughout the country have alternately laughed and wept over this irresistible comedy drama whose plot grows out of the conflicting convictions of two lifelong friends. A complete production of "Friendly Enemies" will be given at the coming Redpath Chautauqua by a cast of experienced Broadway actors organized by William J. Keighley, manager of the New York City Producing Department of the Redpath Bureau.

Chautauqua Week in Paris, July 12th to 19th

GOVERNOR MORROW PRAISES THE TOBACCO ASSOCIATION

Governor Edwin P. Morrow, in a letter written in reply to a query from a North Carolina business man who wanted first hand information in regard to the workings of the Burley Tobacco Growers' Co-operative Association, informed his questioner that the burley association had given entire satisfaction to its 60,000 members, that it had handled the crop delivered to it economically, had advanced the growers money on it at a liberal value, that it had established a credit with the banks and with the war finance corporation and that the farmers of Kentucky would not go back to the old auction system of marketing under any circumstances.

Governor Morrow's letter answered the propaganda that is now being circulated, not only in the bright belt of the Carolinas and Virginia, but in the dark district of Kentucky and Tennessee and in other sections of the country in which the warehouse interests are fighting the association, rather than give up the profits they have been making off the farmers.

Chas. E. Marvin, of Payne's Depot returned from North Carolina recently. Mr. Marvin said that Aaron Sapiro, general counsel for the burley association, had had 15,000 farmers at five meetings in that State, and that Virgil Chapman, assistant counsel, Director W. H. Shanks and Director J. D. Craddock also had taken part in the campaign in the bright belt.

CATARRH

Catarrh is a local disease greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a tonic, taken internally, and acts through the blood upon the mucous surfaces of the system. HALL'S CATARRH MEDICINE assists Nature in restoring normal conditions.

FRAUDULENT MASONRY EXPOSURES SENTENCED

The many Masons in the Senate and House of Representatives are highly gratified at the action of the Federal Court, District of Utah, which has just sentenced Matthew McBlain Thompson, Thomas Perrot and Dominic Bergera to two years each on ten counts each (concurrent sentences) for using the United States mails to defraud. The men were convicted of operating the "American Masonic Federation" and of having duped some ten thousand persons in this country and abroad into buying "degrees" of all kinds. It was proved the "authority" which they claimed for working the craft degrees was a negro organization in Louisiana and that the alleged Scottish organization which they claimed as authority for conferring the higher degrees was an organization originated by Thompson himself.

Witnesses came from all over the United States and from Scotland. The judge scored the defendants unmercifully and in addition to the jail penalties imposed a fine of \$5,000 and costs.

The convicted men were not particular as to what "Masonic" degree they sold; "Initiates" were made in the blue lodge, the Knights Templars, the Scottish Rite, the Eastern Star, the Mystic Shrine; all the "initiates" had to have cash.

The postoffice authorities are gratified to have vindicated the integrity of the United States mail, which cannot be made a tool of fraud with impunity; and all Masonic bodies will rejoice that male factors striving to bring their organizations into ill repute have met their just deserts.

STATE PYTHIAN HOME FREE OF DEBT

The Pythian Home, located in Lexington, is now free of debt. This announcement was made Saturday by Hon. W. C. G. Hobbs, president of the Pythiana Home board of trustees, who stated that on behalf of the board, he has just had recorded in the county clerk's office a release of the mortgage for \$50,000, which was placed upon the property ten years ago and which has just been paid off in full.

When the home was originally built a number of years ago, money was borrowed, Chairman Hobbs said, to erect the principal building and make other needed improvements at the institution. The loan negotiated at that time was for ten years, it is stated, and through the liberality of the order and efficient handling of the funds set aside for the liquidation of this debt by the grand lodge, the entire indebtedness has been paid off, with interest, and the home is now free from all incumbrance, Chairman Hobbs states. This will be gratifying news to the thousands of Pythians throughout Kentucky, who have contributed funds for the foundation and maintenance of this splendid institution, erected as a home for the widows and orphans of the order.

After Mr. Harding has succeeded in killing the twelve-hour work day in the steel industry he might try to institute about two hours of work per day in Congress.

STRAIN TOO GREAT

Hundreds of Paris Readers Find Daily Toil a Burden

The hustle and worry of business men; The hard work and stooping of workmen; The woman's household cares— Often weaken the kidneys. Backache, headache, dizziness— Kidney troubles, urinary troubles frequently follow.

A Paris citizen tells you what to do.

O. T. Sprake, contractor and carpenter, 304 Main street, says: "I have been a sufferer from kidney trouble for many years, and Doan's Kidney Pills is the best medicine I have ever been able to find. They always give me fine relief and I can't recommend them too highly. I have been in bad shape at times and backache caused me to lay off work for several days. I was greatly annoyed by the frequent passage of the kidney secretions. When I have any need for such a medicine I use Doan's and it doesn't take them long to fix me up in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sprake had. Foster-McBurn Co., Mfrs., Buffalo, N. Y.

BOY DISCOVERED KENTUCKY

(Louisville Herald) Historical traditions as to the discovery of the State of Kentucky were shattered by Dr. Willard Rouse Jilison, State geologist, in an address before the Filson Club. Dr. Jilison stated conclusively and emphasized with statistical support his contention that La Salle, who is popularly credited with the discovery of this State, was not the first man to set foot upon Kentucky.

"To the contrary, a boy, Gabriel Arthur, in the year 1674, was the first discoverer of our State," asserted Dr. Jilison, who pointed out that this young man, barely 16 years of age, was sent across the Appalachian mountains into Tennessee by Colonel Wood, at that time commandant of a fort at the mouth of the James River, Virginia. A romantic tale of how this stripling remained with the Cherokee Indians, learning their language and going with them on numerous warring expeditions, was related. Eventually Arthur was taken a prisoner by the Shawnee Indians after being wounded in battle. Dr. Jilison stated, however, that the boy had the rare faculty of making friends with his enemies and, as a result, was made a confidant of the Shawnee chief. He later returned to the Cherokee tribe in Tennessee and made a confidant of the Shawnee fort, conducted by Indians over what is known as the Wilderness Trail in the eastern part of Kentucky. "Thus," declared Dr. Jilison, "did the first white man set foot on the soil of the Bluegrass State."

A Michigan man offers to swap \$5,000 worth of oil stock for a good cigar. Evidently he is not posted as to the selling price of a good cigar.

INTERNATIONAL OSTEOPATHIC CONGRESS

The annual international osteopathic convention will be held in Los Angeles, July 3 to 7, inclusive, under the auspices of the American Osteopathic Association. The sessions will be held in the Ambassador Hotel and surgical clinics in the hospitals. On Sunday, July 2, the pulpits of the principal churches will be occupied by eminent visiting specialists. Gov. Stephens, of California, will open the convention, which will be presided over by Dr. Samuel L. Scokhorn, of Dallas, Texas. Two thousand osteopathic physicians, surgeons and specialists will be present. A special train will bring the Eastern delegates and circuit clinics will be held in various cities en route. Dr. C. D. Swope, of Washington, D. C., is chairman of the program committee.

Preceding the convention will be the annual session of the American Osteopathic Society of Ophthalmology and Oto-laryngology, Dr. H. J. Marshall, of Des Moines, Ia., presiding. The women osteopaths hold their meeting under the title of the Osteopathic Woman's National Association, Dr. Josephine L. Peirce, of Lima, Ohio, presiding.

The public health section which will be in charge of Dr. Jenette Boiles, of Denver, will devote one entire day to a children's health conference. Dr. George McLaughlin, surgeon-in-chief of the Laughlin Hospital, Kirksville, Mo., will speak on the "Prevention and Treatment of Smallpox." Dr. W. L. Holcomb, of Denver, will read a paper on "The Menace of Social Diseases." The treatment of mental and nervous diseases as a public health necessary will be considered by Dr. B. L. Jemmette, of Macon, Mo. Dr. Ellen B. Ligon, of Mobile, Ala., will report on the results of the work of the dental clinics.

A large number of insane veterans of the world war have been cured by osteopathic treatment after failure of old school methods, reports Dr. A. G. Hildreth, superintendent of the largest osteopathic institution for the insane. The address in memory of the founder of osteopathy will be delivered by Dr. W. A. Cravett, of Dayton, O. Dr. George A. Still, president of the American School of Osteopathy and surgeon-in-chief of the Kirksville Hospital, will report the latest statistics on gallstones.

USERS OF ADDING MACHINES

For your convenience we are now carrying a stock of the best adding machine rolls and can supply you with one or a dozen at a time. This is a fine linen bond paper and absolutely lintless.

BRIGHTER EVENINGS

Just History

In '76
The Colonial Dame
Spun her cloth
By Candle flame.

In 1860
In Crinoline bright,
She greeted her guests
By Coal Oil light.

And later on,
How time does pass
Her home was lit
By flickering Gas.

But the girl of to-day
Who wants her home bright,
Just presses a button
And has Electric light.
